

**Superior Quality,
Reliable Performance**

**MEDICAL GAS & VACUUM
COPPER TUBE**

Crane Copper Tube is an international supplier of premium quality Medical Gas & Vacuum copper tube. Crane Copper Tube is manufactured in accordance with Australian/New Zealand and European Standards.

Medical Gas & Vacuum Grade Copper Tube

Tube Integrity

All Crane copper tube is electronically tested by Eddy Current method to ensure tube integrity as part of Crane Copper Tube quality system.

Cleaning & Capping

Crane Copper Tube Medical Gas & Vacuum grade tubes are cleaned then capped to maintain cleanliness. They are distinguished by GREEN coloured capping.

Ink Marking

The tube is also identified with ink marking along its length stating the Brand Logo and Name, Conforming Standard, Size and Type.

Incise Marking

The tube is also identified with an incise mark pressed into the surface to ensure identification and authenticity of the product.
